#### PUBLIC HEALTH ACTION (S)

- ➤ The COVID-19 vaccination **programme is** ongoing throughout the country.
- > The public is encouraged to continue adhering to COVID-19 preventative measures as the situation is being observed.
- > The government and development partners continue to prioritize the continuation of essential health services.

### **CHALLENGES**

Slow vaccine uptake among members of the public, and circulation of anti-vaccination information.

#### RECOMMENDATIONS

Encourage the public to get vaccinated and strengthen community health awareness to counteract anti-vaccination information in circulation.
