Table 3: COVID-19 specimen recorded at the Laboratories 16 September 2022

VARIABLES	TOTAL
Total samples received by the Laboratory	1 080 354
Total samples tested	1 060 559
Total samples re-tested	19 678
Total positive results	166 752
Total negative results	893 638
Total samples discarded	117
Invalid results	0
Total pending results	0
Indeterminant/Inconclusive	169
Suspected cases in 24 hours (excluding re-tests)	141

- Of the total confirmed cases, 99 977 (60%) are in the 20-49 years age-brackets which constitutes the majority of the recorded cases.
- A total of 26 777 (16%) of the confirmed cases are among the 5-19 years category.
- A total of 19 146 (11%) of the confirmed cases are among the 50 59 years group.
- The under 5 years age group make up 3 725 (2%) of the total cases whereas, 17 127 (10%) are above 60 years of age.

- The laboratory testing capacity has been enhanced; with a total of twenty-three (23) laboratories carrying out the testing of samples: NIP, Path-Care, UNAM Molecular, Central Veterinary Laboratory, Namib Poultry, NAMDEB, NamPath, Namibia Central Pathology, DiagnoLab, High Care, Alpha Medical Laboratory, NCP, Maerua MC, Des-Jo Medical Test Centre, ProQuest Diagnostic Laboratory, MAXI, Medlink Laboratory Services, Biotech Medical, Covisure, Star Care, Soweto Medical Center, Hosea Kutako International Airport & Oshana Med Laboratory.
 - To date, 1 080 410 tests (including 19 678 re-tests) have been conducted by authorized laboratories.
 - Since the beginning of the outbreak, 178 632 contacts of confirmed cases have been identified, contacts were identified within the last 24 hours from 7 regions.
- Cumulatively, 176 460 contacts have completed their monitoring period, while 303 contacts are lost to followup and a total of 29 308 (18%) contacts of confirmed cases have tested positive.
- Today, 34 (91%) out of 37 active contacts were monitored.

PUBLIC HEALTH ACTION (S)

- The COVID-19 vaccination programme is ongoing throughout the country.
- > The public is encouraged to continue adhering to COVID-19 preventative measures as the situation is being observed.
- > The government and development partners continue to prioritize the continuation of essential health services.

CHALLENGES

- Slow vaccine uptake among members of the public, and circulation of anti-vaccination information.
- Lack of transport to and from head office for sitrep signature.

RECOMMENDATIONS

- Encourage the public to get vaccinated and strengthen community health awareness to counteract anti-vaccination information in circulation.
- MoHSS must provide transport that will be available for sitrep team everyday or use digital signature.
