#### PUBLIC HEALTH ACTION (S)

- The COVID-19 vaccination programme is ongoing throughout the country.
- Public Health measures continue to be enforced as the situation is closely monitored.
- The government and development partners continue to prioritize the continuation of essential health services.

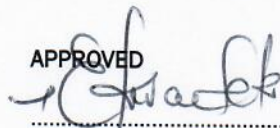

#### CHALLENGES

- Slow vaccine uptake among members of the public, and circulation of anti-vaccination information.
- Abrupt termination of COVID-19 volunteers' contracts negatively affected the response at all levels
- National call center was not operational due to the termination of COVID-19 Volunteers contracts.

#### RECOMMENDATIONS

- Encourage the public to get vaccinated and strengthen community health awareness to counteract anti-vaccination information in circulation.
- Integrate response into routine activities
